**Justification:** a) Gulbakhor Ismailova is a sister of Alisher Usmanov, a pro-Kremlin leading businessperson listed under Decision 2014/145/CFSP. Investigations by the German Federal Criminal Police Office (Bundeskriminalamt) revealed that Alisher Usmanov indirectly transferred assets to his sister Gulbakhor Ismailova. In particular, the owner of the yacht “Dilbar” is Navis Marine Ltd. (Cayman Islands), whose shareholder is Almenor Holdings Ltd. (Cyprus). All shares in that holding company are held by Pomerol Capital SA (Switzerland) in trust for the benefit of “The Sisters Trust”. Since 2017, Alisher Usmanov has no longer been a shareholder of this trust company, leaving his sister, Gulbakhor Ismailova, as the only beneficial owner of the yacht “Dilbar”. b) She has also been linked to luxury real estate in Italy and Latvia that can be linked to her brother Alisher Usmanov. She relies on a network of shell companies to hide the wealth of her brother. She is therefore an immediate family member benefitting from her brother Alisher Usmanov. **Other information:** Associated individual: Alisher Usmanov, brother **Modifications:** Listed on 13 Apr 2022, amended on 2 Nov 2023, 21 Dec 2023

**Sex:** M **DOB:** 21 Sep 1985 **POB:** Kharkiv, Ukraine **Nationality:** Ukraine

**Justification:** a) Mr Serhiy Kurchenko is a Ukrainian businessman. With support from pro-Russia separatists, he took control of several large metallurgical, chemical and energy plants in the separatist-held areas of Donbas. His “Gaz-Alliance” company monopolised coal mining in Donbas after its competitors had been forced out of the market, reportedly with help from Russia. He organised and benefitted from the illegal scheme of exporting Donbas coal to Russia and Europe despite EU sanctions. Coal extracted in Mr Kurchenko’s mines has been re-registered and illegally exported via Russian ports. b) Mr Kurchenko helped

large Russian companies and State-owned holdings to bypass EU restrictive measures by acting as their sub-contractor in the Russian-held territories. He has been an intermediary in Russian gas, fuel and electricity exports to the separatist-held parts of Donbas, which strengthened their independent energy supplies and undermined their economic integration with Ukraine. Moreover, he delivered fuel to the illegally occupied Crimean Peninsula. By doing so, he strengthened the independent power supplies of this territory. He also owns the largest oil depot on the Crimean Peninsula. **c)** He thereby benefitted from Russian decision-makers responsible for the annexation of Crimea and the destabilisation of Eastern Ukraine, conducted transactions with the separatist groups in the Donbas region of Ukraine, and actively supported actions and policies which undermine or threaten the territorial integrity, sovereignty and independence of Ukraine. **Modifications:** Listed on 4 May 2022

He reportedly died in a plane crash on 23 August 2023. **b)** He publicly confirmed that he founded the Wagner Group, a Russia-based unincorporated military entity, responsible for the deployment of Wagner Group mercenaries in Ukraine. In 2022, a joint stock company called “PMC Wagner Center” was established and registered in Saint Petersburg, with the aim of “providing a comfortable environment for generating new ideas to improve Russia’s defence capability”. The Wagner Group, led by Yevgeniy Prigozhin, has played an important role in the fighting in and occupation of territories in Eastern Ukraine. **c)** Concord, also known as KOMBINAT PITANIYA KONKORD OOO, a company which Prigozhin founded and owned until November 2019, and a group of other companies with ties to him, including Concord Management and Consulting LLC and Megaline LLC, have been benefitting from large public contracts with the Russian Ministry of Defence following the illegal annexation of Crimea by the Russian Federation and the occupation of Eastern Ukraine by Russia-backed separatists. **d)** Yevgeniy Prigozhin was a leading businessperson operating in Russia. He was responsible for and actively implemented actions which have undermined and threatened the territorial integrity, sovereignty and independence of Ukraine. Moreover, he benefitted from Russian decision-makers responsible for the annexation of Crimea and the destabilisation of Eastern Ukraine. **e)** Yevgeniy Prigozhin’s son, Pavel Prigozhin, is the primary heir and beneficiary of his assets, possessions, and properties. Pavel Prigozhin is listed by the Union for his involvement in military operations against Ukraine. Therefore, it is appropriate to retain Yevgeniy Prigozhin on the list of natural or legal persons, entities or bodies subject to the asset freeze and the prohibition on making funds and economic resources available as there is a likelihood that the assets concerned would otherwise be used to finance Russia’s war of aggression against Ukraine or other actions undermining or threatening the territorial integrity, sovereignty and independence of Ukraine. **Other information:** **a)** Associated persons: Lyubov Valentinovna Prigozhina (spouse); Violetta Prigozhina (mother) **b)** Associated entities: Wagner Group, internet Research Agency, Concord company group, Concord Management and Consulting LLC, Megaline LLC **Modifications:** Listed on 4 May 2022, amended on 2 Nov 2023, 22 Mar 2024

He was awarded the title of Hero of Russia. **b)** He was leading the actions of his military unit and nicknamed “the Butcher of Bucha” due to his direct responsibility in killings, rapes and torture in Bucha. **c)** Therefore, he is responsible for, supporting or implementing actions or policies which undermine or threaten the territorial integrity, sovereignty and independence of Ukraine, or stability or security in Ukraine. **Other information:** Colonel, commander of the 64th Separate Motorised Rifle Brigade of the 35th Combined Arms Army of the Russian Federation

**Sex:** M **DOB:** 10 Jul 1973 **POB:** Yenakiyevе, Donetsk Oblast, Ukraine **Nationality:** Ukraine

**Justification:** a) Oleksandr Yanukovych is a businessperson and the son of former President of Ukraine Viktor Yanukovych. During the presidency of Viktor Yanukovych and thanks to the personal connection with a group of persons close to his father, he assembled an array of business interests and accumulated a great fortune. He still runs his business activities in the Donbass region controlled by the separatist groups, especially in the energy, coal, construction, banking and real estate sectors. In particular, thanks to close ties with the pro-Russian separatists, he acquired key economic assets in the so-called “Donetsk and Luhansk People’s Republics”, inter alia in the energy, coal and real-estate sectors. The separatist OPLLOT battalion (listed since Feb 2015) protected his real-estate development projects in the so-called “Donetsk People’s Republic”. b) Oleksandr Yanukovych’s MAKO Holding company was officially transferred to Russian jurisdiction and is now registered in Donetsk. Prior to the transition to Russian jurisdiction, the MAKO group of companies was

de jure under Ukrainian jurisdiction. **c)** Therefore, Oleksandr Yanukovych is responsible for supporting or implementing actions or policies which undermine or threaten the territorial integrity, sovereignty and independence of Ukraine and he conducted transactions with the separatist groups in the Donbas region of Ukraine. **d)** Furthermore, he is associated with his father Viktor Yanukovych, who is responsible for supporting or implementing actions or policies which threaten the territorial integrity, sovereignty and independence of Ukraine, as well as the state's stability and security. **Modifications:** Listed on 17 Aug 2022, amended on 2 Nov 2023

**Sex:** M **DOB:** 9 Jul 1950 **POB:** Yenakiyevе, Donetsk Oblast, Ukraine **Nationality:** Ukraine

**Justification:** **a)** From 2010 until 2014, Viktor Yanukovych was President of Ukraine. He pursued a pro-Russian policy when in office. A Ukrainian court found Viktor Yanukovych guilty of treason for having invited the Russian Federation to invade Ukraine. After being removed from power, he relocated to Russia, from where he has continued his activities aimed at destabilising Ukraine. **b)** He assisted in the Russian military interference in Ukraine by calling on the President of the Russian Federation to send Russian troops to Ukraine in March 2014. Viktor Yanukovych supported pro-Russian politicians who held public offices in occupied Crimea. In 2021, a new pre-trial investigation in Ukraine was opened according to which Viktor Yanukovych, together with two former Ministers of Defence, had purposefully reduced the defence capacity of Ukraine, particularly in the autonomous so-called "Republic of Crimea". **c)** On 21 April 2010, then President of Ukraine Viktor Yanukovych and then President of Russia Dmitry Medvedev signed an agreement between Ukraine and the Russian Federation, according to which the term of the Black Sea Fleet of the Russian Federation in Sevastopol was extended from 2017 to 2042. By signing the agreements, Yanukovych created favourable conditions for increasing Russia's military presence in Ukraine and for the re-equipment and modernisation of the weapons of the Black Sea Fleet in the territory of Crimea. Subsequently, Russian weapons that were on the territory of Ukraine were used to annex the autonomous so-called "Republic of Crimea" and the city of Sevastopol in 2014. **d)** In 2023, Ukraine's State Bureau of Investigation submitted an indictment against Viktor Yanukovych on charges of treason and aiding Russia in carrying out subversive activities in Ukraine. **e)** He considers himself as the legitimate President of Ukraine and has consistently presented a pro-Russian stance in his public interventions. According to different sources, Viktor Yanukovych has been part of a Russian special operation, aimed at replacing the Ukrainian President with him, during the first phases of Russia's war of aggression against Ukraine. Furthermore, the President of the Republic of Chechnya, Ramzan Kadyrov, has requested the President of Ukraine to transfer all his powers to Viktor Yanukovych. **f)** Therefore, Viktor Yanukovych is responsible for, supporting or implementing actions or policies which threaten the territorial integrity, sovereignty and independence of Ukraine, as well as the state's stability and security. **Other information:** Function: former president of Ukraine, Leading businessperson **Modifications:** Listed on 17 Aug 2022, amended on 2 Nov 2023, 22 Mar 2024

**Justification:** **a)** Russian political philosopher, political scientist, analyst, strategist and long-standing ideologue of the theories of Russky Mir and Eurasianism. He is a member of the so-called Izborsk Club, a Russian Conservative think tank which specializes in studying Russia's foreign and domestic policy. **b)** Dugin has ideologically and theologically justified Crimea's annexation and Russia's war of aggression against Ukraine, seeing it as a "liberation" of Ukraine from Western influence. Dugin's ideology is centered on the idea of building a totalitarian, Russia-dominated Eurasian empire, which includes Ukraine for historical, religious and geographical reasons. Dugin's ideological assumption is that Ukraine is an artificial state threatening the security of Russia and the envisioned Eurasian Empire. Therefore the military invasion of Ukraine was inevitable. He called on President Vladimir Putin to militarily invade eastern Ukraine. **c)** Dugin has promoted the Russian World concept linked to the expansive, revanchist nationalism of the Putin era, entailing the idea of the historic motherland protecting the subjects of the Russian World. He has helped to revive the concept of "Novorossiia" or "New Russia" — a historical name, used during the era of the Russian Empire for an administrative area that is currently part of Ukraine. **d)** Dugin called on the denazification of Ukraine and called its government fascist. He actively supported the pro-Russian separatist movement in Eastern Ukraine and instrumentalised his worldview theory by establishing the "Eurasian Youth Union", which was undertaking activities directed at undermining the sovereignty of Ukraine. **e)** Therefore Aleksander Dugin is responsible for, supporting and implementing actions or policies which undermine or threaten the territorial integrity, sovereignty and independence of Ukraine, or stability or security in Ukraine.

**Justification:** **a)** After the illegal annexation of Crimea, Russian National Commercial Bank (RNCB) became fully owned by the so-called "Republic of Crimea". In January 2016, it became a property of the Federal Agency for State Property Management, also known as Rosimushchestvo (Федеральное агентство по управлению государственным имуществом (Росимущество)). **b)** It has become the dominant player in the market, while it had no presence in Crimea before the annexation. By buying or taking over from branches of retreating banks operating in Crimea, RNCB supported materially and financially the actions of the Russian government to integrate Crimea into the Russian Federation, thus undermining Ukraine's territorial integrity. **c)** On 29 January 2020 The Russian Central Bank decided to reorganise the Sevastopol Marine Bank with the participation of RNCB. The bank

participated in two large infrastructure projects in Crimea – it finances the construction of a new air terminal complex in Simferopol and generation facilities (Balaklavskaya TPP and Tavricheskaya TPP). **d)** In 2023, the RNCB became a subsidiary of the state-owned VTB Bank, Russia's largest Bank, which is a systemically important financial institution of the Russian government and remains a primary source of revenue for the Russian Federation. **e)** The RNCB therefore supports financially the Government of the Russian Federation, which is responsible for the annexation of Crimea and the destabilisation of Ukraine.
